CITIZENS CAN PAY TAXES ON TUESDAY

Citizens of Atlanta who have paid or who pay all state, county and city taxes required of them through 1931 may register and vote in the recall election up to and including 5 o'clock on the day of the recall election, Tuesday, March 15, City Attorney James L. Mayson, said Tuesday. Polls will remain open until 7 o'clock on the night of the election, giving persons ample time to cast their ballots even though they may not have an opportunity to

cast their ballots even though they may not have an opportunity to register before late in the afternoon. If taxes have not yet been paid, they, too, can be paid on the day of the election, thereby qualifying those who wish to express themselves in the balloting.

A citizens' committee, headed by V. P. Warren, prominent Atlanta business nau, Tuesday Issued a call to Atlantans to register and vote. About 20,000 already are registered and those who registered since October 15, last year, and who have paid their 1931 taxes already are qualified.

Plans for the most intensive one-week campaign ever conducted in Atlanta were under way Tuesday as opponents and proponents of the ouster move against Mayor James L. Key prepared for a battle of ballots to take place next Tuesday.

CONCORD, N. H., March 9.— night claimed a complete state delegation for Roosevelt, whose campaign pledged to the support of Franklin D. Roosevelt won a sweeping victory over the forces backing Alfred E. Smith in Tuesday's New Hampshire primary, first of the presidential campaign.

With 60 scattering towns and city wards of the 294 in the state missing, the returns of the vote for delegates at large to the democratic national convention showed an average majority for the eight Roosevelt pledged candidates of approximately 4.500 over that for the eight Roosevelt pledged candidates of approximately 4.500 over that for the eight Smith pledged candidates of approximately 4.500 over that for the eight Smith pledged candidates of approximately 4.500 over that for the eight Smith pledged candidates of approximately 4.500 over the conditions of the conditions of the conditions of the condition of the conditions of the conditi

The vote for candidates for district delegates in the two congressional districts, from each of which two were elected, while incomplete, gave the Roosevelt men an insurmountable lead. The result assured Roosevelt of eight pledged votes in the national convention. These included eight delegates at-large, each with a half vote, and two delegates from each congressional district, each with a full vote. The outstanding returns included a few wards in several cities, where the Smith strength was the strongest but the heavier vote cast for the Roosevelt slate in the towns, of which a number remained to be heard from, was expected to balance these.

WASHINGTON, March 8.—(P)—
Opposition to important phases of the far-reaching bipartisan revenue bill rolled up in mounting intensity today with a growing movement in the house to insert a tax on beer.

Three members of the ways and means committee that drafted the \$1,096,000,000 bill to balance the 1933 budget served notice on the house they would demand, a vote on the Cullen amendment to fix a \$5-a-barrel tax on beer of 2.75 per cent alcoholic content. The manufacture of the beer would have to be legalized before the tax could be made effective.

This will force two votes on the prohibition question in the house next week. The first will come on Monday, when the chamber will be called upon to decide whether it will consider the wet bloc's resolution providing for submission of the eighteenth amendment to the states.

Many dry members, opposed to the 214 per cent sales tax that forms the keystone of the revenue legislation, said privately today they would vote for the beer tax not only because it is expoluted to raise \$350,000,000, but because it is a voluntary levy.

Shortly after Acting Chairman Crisp formally submitted a report on the bill to the house additional views

Peachtree Creek Row Brings \$72,000 Suits

Two damage suits totaling \$67,000 were filed against the city of Atlanta Tuesday for alleged personal and property injuries sustained through

property injuries sustained through the practice of emptying sewage into Peachtree creek. Ben C. Williford, attorney who filed the suits, stated that the two were the first of a score or more of similar suits.

The plaintiffs were Mrs. J. T. Turner, suing for \$15,000 for alleged ill health and deterioration of property value of land she owns and occupies on Willow avenue, and Mrs. Mary E. Mangum, who is soing for \$52,000. Mrs. Mangum alleges that property she owns there has lost materially in value due to the pollution of the stream, and that she and members of her family have been suffering from malaria and other ills for the past four years due to the mosquitos which have bred in the creek.

IN GORDON COUNTY

August 1, 1931.

A Radio Speech by Mose George in the Interest of the Candidacy of

EDWIN JOHNSON

For Re-election as Your

Tax Receiver of Fulton County

TO THE VOTERS OF GREATER FULTON COUNTY AND THE CITY OF ATLANTA:

This is MOSE GEORGE, Deputy to Edwin F. Johnson, your State and County Tax Receiver, who is now serving his first term, speaking in the interest of his candidacy for his re-election, and, he believes, speaking in the interest of the people of Fulton

On August 1, 1931, the Tax Digest was delivered by Edwin Johnson, your Tax Receiver, to the Office of the Comptroller General, and to the Tax Collector of Fulton County. We were much gratified to receive the following letters:

"Mr. Edwin F. Johnson, Tax Receiver, Fulton County and State of Georgia.

"Dear Mr. Johnson:

"We hereby acknowledge receipt of your Digest for Fulton County for the year 1931. Please allow us to COMPLIMENT you on the high-class manner in which this Digest has been made.

"With very best wishes, I am,

"Yours very truly,
"W. B. HARRISON, Comptroller General."

I, MOSE GEORGE, was a party to the production of that Digest. I take a pride in the fact that, during my association with the office, the only reforms and constructive development made

since Atlanta was Marthasville, were put into effect.

Our opponent in this campaign has sought, for political purposes, to capitalize his connection and association with fraternal organizations. I stand here to tell you that I am a Shriner and, I know that Edwin Johnson, who belongs to MANY fraternal organizations, has never during his long experience nor will he ever seek to capitalize those affiliations for political purposes.

I, Mose George, am a member of the Baptist church. I happen to know that Edwin Johnson is not only a MEMBER of the Baptist church but is the GRANDSON and the SON of ministers of the Baptist church, but under no circumstances would HE ever seek to capitalize his religious affilia-

Edwin Johnson, and those serving with him, have rendered efficient, faithful and conscientious service. I have been one of his deputies ever since he has been in office and I know from experienc that he is fair, and tempers justice with mercy.

Our opponent says that if elected he will devote his undivided time to the office of the Tax

PAST PERFORMANCE IS THE BEST EVIDENCE OF FUTURE SERVICE.

Our opponent had ample opportunity to demonstrate his devotion to public service. WHAT DID HE DO? He drew a salary of \$6,000.00 per year from the people of Fulton County, and spent not more than 7 months of several years in the office of the then Tax Receiver. While drawing this year-around salary from the taxpayers of Fulton County, he was for five months of each of those several years an employee of the WORLD BOOK COMPANY, at the same time receiving a salary from the Taxpayers and provided the same time receiving a salary from the Taxpayers and provided the same time receiving a salary from the Taxpayers and provided the same time receiving a salary from the Taxpayers and provided the same time receiving a salary from the Taxpayers and provided the same time receiving a salary from the Taxpayers and provided the same time receiving a salary from the Taxpayers and provided the same time receiving a salary from the same time receiving a salary from the Taxpayers and the same time receiving a salary from the same time receiving the same time rec

from the Taxpayers and receiving a salary and commissions from the WORLD BOOK COMPANY, at the same time receiving a salary from the Taxpayers and receiving a salary and commissions from the WORLD BOOK COMPANY.

Our opponent was a deputy serving under Edwin Johnson. I know the causes of the first rift in their relationship. It came about when Mr. Johnson stated to our opponent that he couldn't faithfully serve two masters at the same time; that he must GIVE UP EITHER ONE OR THE OTHER of the SALARIES. Edwin Johnson has never charged, nor does he now charge that our opponent drew any salary or commission after we took office. The only reason he DIDN'T do so was that Edwin Johnson STOPPED HIM!

From my personal knowledge and association with him I know that from that day forward the then Deputy and now our opponent lost interest in the office of the Tax Receiver.

Our opponent has charged that errors were made and that releases were numerous. This is one of the few TRUE statements he has made in this campaign. The numerous errors and releases were due primarily to his dereliction in duty as Chief Deputy. The statement quoted from the Comptroller General of the State of Georgia, the Honorable W. B. Harrison, will bear out this fact. The REAL reason that he was demoted was because of his numerous errors and releases which totalled more than EVERY OTHER DEPUTY IN THE OFFICE COMBINED, and the records will bear

Our opponent sought to undermine Edwin F. Johnson, your present Tax Receiver, and his associates in that office. He had in mind selfish gain and political ambition. Would it occur to anyone, that a man of common sense, would remove from office without entire justification a man who was a potential political enemy, and would be his competitor for the

Evidence reached our office that our opponent was doing all in his power, even while he was associated with the office, to discredit us. In spite of this fact, he was given opportunity to resign in a dignified way, and failed to avail himself of that opportunity, after which he was removed and

in a dignified way, and failed to avail himself of that opportunity, after which he was removed and is now conducting nothing more than a selfish grudge campaign.

In order that the facts may be known to the people of Fulton County, I, Mose George, as one who was associated with our opponent, and without any undue or unkind reflection against our opponent, stand here as one who worked under his supervision to tell you that he WAS not and IS not a competent clerical executive. I, as a subordinate, had ample opportunity to observe him.

I stand here further to tell you that no office in Fulton County can produce a BETTER clerical executive than my present Chief and your County Tax Receiver, EDWIN JOHNSON. It is not on a basis of the demerits of our opponent that we are making this campaign for re-election. It is on the basis of honest, faithful and sincere service rendered to the people of Fulton County by our corps of deputies. The men and women now in the office of the Tax Receiver are loyal to the interests of Fulton County. Let us ignore entirely the personality, and record of Edwin Johnson, and I submit to you that those of us who have done our level best in the public interest are entitled to your cordial support and influence in the Primary of March 9th.

to your cordial support and influence in the Primary of March 9th.

Our opponent has sought to capitalize his War record for political purposes. While he was receiving full compensation from the Government of the United States and enjoying the comforts of a training camp, and was solely a member of the Army of Occupation, I was a buck private in Flanders Fields. I spent my twenty-first birthday on the firing line. Another member of our force was on the firing line. Both of us volunteers. The other member was Carl C. Heard, a young man then thirty-one years of age. Edwin Johnson would under no circumstances seek to capitalize his War record for political purposes. However, I tell you that he served 17 months, and received only a crisp one dollar bill, which he had framed and of which he is proud. The performance of a patriotic duty should not, in our opinion, be capitalized for political purposes. For more than 12 months our opponent has been going over Fulton County, telling the people what a GREAT SOLDIER he was, and seeking to exploit his record as a soldier for political purposes. We would not otherwise make reference to the sacred patriotic service which we rendered.

Edwin Johnson would not conduct the kind of campaign launched against him, even if it insured

Edwin Johnson would not conduct the kind of campaign launched against him, even if it insured election to office during the remainder of his life. We are going to live after March 9th and we

will live without scars, or regrets, on our conscience.

We have been faithful to your trust; we have conducted a clean political campaign; we ask that you go to the polls on March 9th and cast your ballot in strict accordance with your convictions; we believe that that ballot will be cast for Edwin Johnson and his corps of competent, train-

Our opponent in this campaign has resorted to attacks on the record of Edwin Johnson, and yet he has not given one scintilla of evidence to substantiate those attacks. He did not, during the eight years he served in the office of the Tax Receiver, offer one single constructive suggestion or thought for the development of the office, nor has he done so during this campaign. He has indulged in nothing more than platitudes and unsupported promises.

I, Mose George, a Deputy on the ticket of Edwin F. Johnson, was present at a meeting of the office staff when the discussion was had as to whether or not Edwin Johnson and his associates would stand for re-election. Mr. Johnson asked if those associated with him in the office of Tax Receiver were satisfied with results secured and the treatment which he had accorded them. Every man and woman present expressed themselves as being THOROUGHLY satisfied and urged upon him that he stand for re-election in the interest of the people of Fulton County.

There was one single exception: Guy A. Moore, our present competitor, then put us on notice

There was one single exception: Guy A. Moore, our present competitor, then put us on notice that he would oppose us for re-election in this present campaign. He not only indicated his disloyalty to the Tax Receiver and to his old associates; he endeavored to remain in the office while at the same time conducting a campaign in his own behalf. He was given ample opportunity to resign in a dignified way but, for political purposes, and in an effort to create sympathy for himself, he forced his own discharge, due to his efforts to undermine the clerical efficiency and political prestige of the office. AND GUY MOORE KNOWS THAT I AM TELLING THE ABSOLUTE TRUTH.

prestige of the office. AND GUY MOORE KNOWS THAT I AM TELLING THE ABSOLUTE TRUTH.

Our opponent entered the Court House six years before we were elected. He held a lucrative office there. He now attacks us on the grounds that the people in the Court House are our friends. HE had ample opportunity to earn that friendship during the eight years he was in the Court House. We not only prize the friendship of the men and women with whom we come in daily contact, but we are also proud of the fact that those whom we have served as Tax Receiver and deputies are staunch supporters of our cause in this campaign.

Edwin Johnson is offering to the people of Fulton County the service of men and women who are capable and trained. We ask your vote and support.

This is Mose George, speaking in the interest of the re-election for Tax Receiver of Fulton County, for a second term, of Edwin F. Johnson and his competent force of trained deputies.

NEW YORK, March 8.—(47)—The icy grip of a belated winter loosened on land today, but the storm tossed waters of ocean and lake licked hungrily at a dozen vessels.

Buses, motorists and a train broke the cold fingers that wound about them yesterday and their scores of passengers found shelter from the frigid winds that still swept over valleys and mountains.

But off the Atlantie seaboard and on inland Lake Michigan vessels laboriously fought their way toward calmer waters. The steamer Norwalk, the barge Deepwater, two fishing schooners and a coal barge were work, citizens were reported as having given enthusiastic receptions to workers. Thousands of calls have been made, and corporation executives and others were giving their co-operation freely, according to Richard W. Courts Jr., of the sales committee, and Arthur S. Inc. He will handle the preparation of advertising for 400 Rogers stores in Georgia, South Carolina and Alabama. He succeeds Press Huddleston, who for several years was advertising manager of the company.

Mr. Ponder's promotion, it was announced, follows six years' association with the company. He rose from a place in a retail store to the office and through it to his present position.

Mr. Ponder is a native of Atlanta tand attended the grammar schools and the Commercial High school. He is a active in the affairs of the Junior Chamber of Commerce and other civic organizations. Two years ago he married Miss Margaret Spinks, of Greensboro, and lives at 1614 West View Individual. Atlanta music lovers who braved the snow Tuesday night to attend the organ recital of Herman F. Siewert at the First Baptist church were well repaid, for his playing was a demonstration of organ mastery and artistry. A program that was taxing on musicianship and technique was never lacking in interest, and his excellent taste in choice of combinations always satisfied. Opening his program with Bach's "Toccata and Fugue in D Minor," the fawrite of the great organists and the ambition of all students, he gave this work an authoritative rendition which bespoke his ability from the outset. Cottone's "Christmas Evening in Sicily" created atmosphere and imageries. Cesar Franck's "Chorale in A Minor" was given a dramatic reading, assuming full command and power in massive proportions. Kreisler's "Schon massive proportions." massive proportions. Paley Buys Outright | METHODIST GROUP Columbia System

NEW YORK, March 8.—(P)—
Complete ownership of the Columbia broadcasting system passed into the hands of interests headed by William S. Paley, president of the chain, with the announcement today of the repurchase of 50 per cent of the stock held by the Paramount Publix Corporation.

Announcement of the completion of the deal, which had been rumored in Wall Street for a week or more, stated specifically that "this step brings the ownership of the broadcasting system completely into the hands of Mr. Paley and his management, with no interests represented external to the company."

"Baby" Congressman Busy Familiarizing Self With Work.

WASHINGTON, March 8.—Georgia's "baby" congressman, W. Carlton Mobley, of Forsyth, was at the house office building early this morning, familiarizing himself with legislation in which his late predecessor and employer, Samuel Rutherford. was interested at the time of the latter's untimely death.

Judge Crisp has assured Representative Mobley he would call an early meeting of the ways and means committee for the purpose of giving the "baby" member his committee assignments. "I trust the committee will assign me to the committee will assign me to the committees on pensions and immigration so that I may follow in the footsteps of my late friend, Mr. Rutherford," declared young Mobley. "but, of course, I shall be pleased with any job the ways and means committee may give me."

Representative Mobley has been assigned Room 544 in the house office building, and has re-engaged Miss Nellie Pearl Thompson, who was employed by Representative Rutherford as his secretary.

BY PIERRE VAN PAASSEN. Liquor Here

And There. I had more liquor offered me in the course of the last six weeks that I am traveling in the United States than in all the seven years that I roamed the European continent and half of Asia and Africa. It is true I did not see any drunks over here. But I was completely taken off my feet by the fact that people, nice and decent peo-ple at that, do not consider the eve-ning of entertainment perfect without trotting ou a bottle, snickering over the manner of its acquisition and feel-ing silently offended if one does not

They do not realize, apparently, that the street sweepers in Paris, Naples, Amsterdam and Warsaw simply would throw the stuff they offer here back into the faces of the donors and the glass in the bargain. Half the conversation in Pullman smokers, hotel lobbies and rooms, concerns this vile rotgut. Is that a matter for conversation for a great result of the conversation. sation for a great people with such tremendous achievements to their credit? Is there nothing else to talk about in this world, this chaotically swaying world, but the manner in which one obtains a bottle from a bootlegger and thus undermine the stability of society, which needs all the moral, real and undivided support of its members to keep from collaps-

ing?

If that is the main object in life, and with some, judging by their end-less talk it is, this talking of liquor and consuming it, life isn't worth a tinker's damn.

BIG CROWD HEARS DR. W. E. DUBOIS SPEAK AT SPELMAN

In spite of the inclement weather of Tuesday night, an audience that filled Howe auditorium of Spelman College heard Dr. W. E. B. DuBois, of New York, in an interesting address on "Imperialism in the Sudan."

This was the first of a series of 10 lectures on "The Economic Situation of the Negro," which the New York editor will deliver here during the next two weeks under the auspices of Atlanta University.

In his first address Dr. DuBois sketched an interesting background of negro history in northern and central Africa, where according to the speak-

er, organized government and the be ginning of culture antedated the earli st civilizations of Europe. He was ntroduced by Dr. John Hope, presi-lent of Atlanta University, who re-called the fact that Dr. DuBois began his career as a teacher of eco-nomics and history in that institution. The second address of the series, entitled "Expanding Europe," will be given at Morehouse College at 7 o'clock tonight, and the third in Howe auditorium, on the Spelman campus, at 4 o'clock Thursday afternoon. (P)—Mrs. Mary Agnes Cobb, mother of C. A. Cobb, Atlanta editor of the Southern Ruralist, died here suddenly last night of apoplexy at the home of her daughter, Mrs. Kenneth Purdom.

The funeral will be held tomorrow.

A method by which voters not now the election lists may vote in to-day's primary was passed upon Tuesday at a meeting of election managers held in the courtroom of Judge John D. Humphries by the Fulton democratic executive committee. According to George L. Bell, chairman of the subcommittee in charge of the de-D. Humphries by the Fulton demo-cratic executive committee. Accord-ing to George L. Bell, chairman of the subcommittee in charge of the de-tails of the election, a voter present-ing a certificate from the tax collec-tor and showing the seal of the regis-trar that he has paid all of his taxes will be allowed to vote. The certifi-cate will be attached to his ballot to show that though his name is not on the voters' list, he is entitled to cast his vote.

his vote.

At the meeting, which was attended by more than 300 persons, Hewitt W. Chambers, secretary of the democratic committee, issued final instructions to all managers. In his talk he cautioned all to be careful to avoid any criticism in any manner as "the present primary is fraught with more feeling than any we have had in a long time."

Due to the fact that the former Milton county section of Fulton operates under eastern time, there will be a difference in clocks between old Milton and the rest of Fulton in the opening and closing of the polls, but the polls will open at the same moment and over the county, it was said. The polls in Milton will open at 8 o'clock eastern time this morning and close at 8 o'clock eastern time tonight, which is 7 o'clock central time.

With 47.200 voters registered, a heavy vote is expected. The registration, exclusive of the city of Atlanta. is 15.570, the number qualified to vote in the school bond election. A total of 7.786 votes must be cast for the bonds in order to pass them.

All Camps Confident.

Camps of all contenders Tuesday night issued statements of confidence, and the stump oratory was officially ended at a Broyles rally at the Tenth Street school, during which candidates or their representatives made final bids for votes.

CLERK OF SUPERIOR COURT

A last-minute effort is being made by my opponent to make it appear that there has been a discrepancy in the accounts of certain trust funds I am handling under the direction of the Judges of the Courts. The only complete official audit made of this account, by direction of the Judges, is in their hands and fully accounts for all funds to their entire satisfaction, and completely refutes the insinuation of an alleged discrepancy. Every voter is requested by me to verify this statement of mine by conferring with the five Judges of the Superior Court, on this matter. As they have this complete audit in their possession and I also have the same in my office, which I would be glad to exhibit to anyone who wishes to see same.

My record as Clerk is approved by all who know the facts and I appeal to the voters of Fulton County to elect me to a full term by going to the polls today and casting their ballots for me. My opponent has slung mud at me in every conceivable way and by misstatement of facts, that he knew to be untrue, and I appeal to my friends to pay no attention to any eleventh-hour attempt to spread misstatements in order to boost up his election.

"The Best Qualified Man in the Race"

Why You Should SHERIFF

Today the good people of Greater Fulton County will be called upon to choose a sheriff to serve them for the next four years. On their choice will depend the safety of many of their lives and much of their property. It is a serious matter, and should be dealt with in

Thousands of the friends of CAL CATES believe him to be the best qualified man in the race. They believe that you should consider each candidate from every angle. Consider his morals, his courage, his competency, and his integrity. Consider likewise the deputies who are to serve with him. Measure them with the same yardstick you use on the candidate himself.

CAL CATES was born 39 years ago in Fulton County, and ides now in the community in which he was born.

Mr. Cates says: "The paramount duty of Sheriff is the protection of life and property. He has other duties under the law besides serving processes and papers. The law makes him the chief law officer of the county. He should not leave the investigation of crime to the Solicitor's office, nor the apprehension of criminals to the city and county police forces. the city and county police forces.

"I promise, if elected, to co-operate in every way with the city and county police forces for the suppression of crime. I shall not wait to have a warrant or indictment placed in my hands before proceeding against known criminals.

"There are no interlocking deputies on my ticket—that ties who have family connections in other county offices." HE HAS STRICTLY OBSERVED THE TENETS OF MO-RALITY AND THE MANDATES OF THE LAW, as his private life and public records show. For the past fourteen years he has served as a county policeman. His work as a law enforcement officer shows the influence of his CLEAN PRIVATE LIFE. His courage under the most trying circumstances has never been ques-

He is conducting his campaign on the same high plane on which he has lived his life and served his county. His deputies were selected for their PROVEN SOBRIETY AND INTEGRITY, as well as for their ability to fill the positions assigned them.

CAL CATES IS IN THIS RACE TO WIN-and he is winng. He and his deputies are defraying the expenses of his cam-ign. Not one penny has been contributed by any one else. Con-quently, he is free from any alignment with any political faction

BY MRS. FRANK H. NEELY,
Chairman of Publicity for Child
Welfare Association.

Mrs. W. A. Albright, president of
the Child Welfare Association of Fulton and DeKalb counties, voiced the
significance of the association when
she spoke of the ideal "of returning
human life, swerved aside by some
untoward reason, to the streams of
society and assimilated by it. And
we must always endeavor to return
these children without the inhibitions
matural to those who have failed to
partake of the normal family life intended by the Creator."

Last Thursday morning in the
rooms of the association, Judge J. W.
Weekes, of the juvenile court of DeKalb county, attended the first meeting since his appointment and expressed his pleasure in the mendous
undertaking of guiding the lives of
the young and his hope for proper
understanding of the problems of
childhood and adolescence.

Vivid Recital.

Likening the Family Welfare Association to the general family practitioner and allied groups that dovetail to the specialist, Miss Rhoda
Kaufman gave a vivid recital of the
manner in which the various organizations of the Chest might supplement
each other. When the Family Welfare goes to a family, hoping to hold
that group together, the association
acts as the general medical man;
finding there a condition that necessitates calling in the Red Cross, the
Anti-Tuberculosis Association, these agencies ought to be ready both financially and astructurally to care for the

A feature of the elaborate benefit bridge given by Group No. 4 of the Wesleyan Alumnae Association, Saturday afternoon at Sterchi's clubrooms will be the lecture and advice on contract bridge by Mrs. J. B. Carson, an expert authority. Mrs. Carson recently played in the contract tournament at the Woman's Club and won high honors. She will go from table to table giving advice on bidding and will welcome questions from any of the players. Her advice will be available to any guest interested in contract. In addition, Paul C. Sillon, of the Sterchi's home decoration department, will give a short lecture on "Interior Decoration," which will be especially interesting to the young married contingent.

Both auction and contract will be played, the game beginning at 3 o'clock. Following the lecture tea will be served and attractive prizes distributed. Mrs. Randolph Wilson, chairman of the prize committee, announces that over 40 prizes have been arranged among the young married couples and prizes are ready for workers, have sold over 50 tables and plan to sell at least 75 before Saturday. Many congenial parties have been arranged among the young married couples and prizes are ready formen as well as for the alumnae. Mrs. A. A. Roan, who is in charge of refreshments, announces that delicious home-made candy will be sold at 5 cents per package. Those making the divinity, fudge, date-hut and cream randies are Mrs. Roan, Mrs. W. R. Bently, Mrs. H. H. Ware Jr., Mrs. Glyde Kennedy, Mrs. Marvin Roberts, Mrs. Harwell Sturdivant and others. Marketed Under the Trade-Name "Calotabs"—All Medicinal Virtues Retained—Sickening and Dangerous Effects Removed.

The impossible of yesterday is the accomplishment of today; the ingenuity of scientists seems almost unlimited. Inventions and discoveries followeach other in rapid succession. For years we have been taking our calomel with never a thought that its nausating, griping and dangerous qualities could be avoided.

Now comes the trifimph of modern pharmacy, the calomel tablet that is so entirely free from the nauseating and objectionable qualities that the manufacturers authorize druggists everywhere to refund the price if Calotabs causes the slightest unpleasantness. The next time you are bilious or constipated try Calotabs, The effect is entirely delightful. One tablet at beditime with a glass of water. No taste, no unpleasantness of any kind. Next morning you awake feeling fine, liver cleansed, system purified, appetite hearty, Aat what you please—no danger.

Beware of imitations! Genuine Calotabs are sold only in "checker-board" (black and white) packages bearing the copyrighted trade-mark "Calotabs." The large, family size sells for thirty-five cents; vest-pocket size, ten cents. All dealers are authorized to refund the price if you are not delighted with Calotabs.—(adv.)

Alex Shifts Six Jackets in Search for Tackles and Ends COLD SNAP HALTS CRACKER-TECH GAME TODAY

TO FIND POWER

Tackles and Ends Sought by Tech Coach; Offense Altered.

By Ralph McGill.

Six men have been switched over to new territory as Georgia Tech goes

to new territory as Georgia Tech goes along with spring football practice and Coach W. A. Alexander searches for ends and tackles.

That seems to be the chief object of the experiments at the Flats and quite a lot of it is going on. There is also a slight chauge in the offensive formation but nothing radical as yet.

The chief changes find Shaw, freshman center, shifted to tackle. And Norris Dean, another freshman, has been pulled in from end to tackle.

WARNER SHIFTED.

Bob Warner, who was wined off the

WARNER SHIFTED.

Bob Warner, who was wiped off the warsity squad last fall by an injured knee, is the chief object of interest in another change. Coach Alexander has brought Warner out from guard, where he was looking pretty fair until his knee went bad, to an end position. And he is showing enough there to warrant the change.

Two backfield men, England, of the scrubs, and Pittman, of the freshmen, are being used at ends.

Cliff Brady, a sophomore last season, was shifted from tackle to center, where he will be drilled as an aid for Captain Howard Neblett, one of the better centers, if not the best, in the 1931 campaigning.

WORRIED.

WORRIED.

All these shifts would indicate that Coach Alexander is more than a little worried over his ends and tackles. They were battered quite a lot in the play last fall. The losses weren't severe there but the tackle and end play was not all that could be desired. Coach Alexander maintains his usual calm. He is urging his men not to become worried about any comment from the newspapers. In fact, Coach Alexander, who heard a story Tuesday about the live decoy ducks at Reelfoot lake, up in Tennessee, which the owners call "Susies," decided to call the newspaper commentators that and warned his boys not to be worried if the "Susies" started quacking about their not looking so good in practice.

Coach Alexander doesn't care a WORRIED.

PROBLEMATICAL.

"I don't know how the changes will work out," said Coach Alex. "We are trying to develop some ends and tackles. If they don't look so good there we'll try them at their old

A scrimmage is scheduled for the Jackets for Thursday. If there should be too much snow or mud today the schedule will probably be delayed.

The material is rather plentiful but there are not any startling stars discovered as yet. It is a good, faithful bunch of boys and one not likely to be disturbed by the quacking of any critical "Susies," if there be any.

The boys are showing their spirit by giving up a half hour of their lunch time to listen to lectures from the coaches. The Jackets are pretty sure to turn up with an improved football team in the fall.

HUNT AND BOZO SIGNED TO BOX

BIRMINGHAM, Ala., March 8.—
Babe Hunt, of Ponca City, Okla., will meet Battling Bozo, erstwhile local light-heavyweight and more recently a full-fledged heavyweight, at the Municipal Auditorium next Monday night in what promises to be most outstanding boxing contest ever staged here.

Hunt, the six-foot-four Gusher from Oklahoma, defeated Bozo here last summer before the largest crowd ever to see an indoor show here and now that Bozo is a heavyweight himself, Promoter Curtis Sanford is making plans to handle a capacity crowd.

The winner of the Bozo-Hunt fight

The winner of the Bozo-Hunt fight will be awarded a fight with Jack Dempsey, champion of all champions, at a date to be announced soon by Promoter Sanford. Hunt went four rounds with Dempsey on Dempsey's first tour. The Dempsey fight probably will be staged outdoors.

heart and lungs that will pump that colt around the track. Blood will tell. Gallant Fox was the three-year-old cham-

Coach Alexander doesn't care a great deal for excessive comment on spring practice looking upon it as a time when coaches experiment with players without seeking to determine just how good they are. The work is largely corrective and instructive.

That sort of evened things up. Gallant Fox is a half brother to Petee Wrack. It was in the Travers that pion of 1930. He won nearly all the important stakes for colts

Petee Wrack beat Reigh Count. Gallant Fox's kid won't be ready for the Derby for quite a

spell. He was foaled in February. His first birthday won't come until January 1, 1933.

But take a look at him. That's royal turf blood By Gallant Fox out of Merry Princess. They'll probably call him Gallant Prince or something like that. Anyhow he's cute.

GREAT FILLY OUT OF DERBY.

With Top Flight favored to repeat the victory of Regret in the Kentucky Derby of 1915, it is too bad that Evening, who won the Florida Derby a few days ago, can't compete.

But Evening won't be saddled on May 7 because she wasn't nominated for the blue ribbon feature of the turf season. Evening looks about as good as Top Flight so far as the records go. Evening was bred by George E. Widener.

It's too bad the two great fillies can't meet. There might be an excellent chance for the two fillies to finish one, two and make new Derby history.

NOT SO MUCH PLAY.

A gentleman who knows a gentleman who keeps a winter book on the Kentucky Derby, informs me that those coarse people who actually bet on races, are not giving such a play to the winter book odds on Top Flight.

There may be reasons. Top Flight hasn't run in a winter race. Not only that but only four two-year-old champions, as far as I can determine from the records, have won the Kentucky classic. They were Worth in 1912; Old Rosebud in 1914; Regret in 1915 and Morvich in 1922.

The dark brown little filly, however, will go to the post a favorite with Tick On and Burning Blaze as runners-up in the betting. The winter book prices are attractive.

Commercial baseball teams will have their first organization meeting at 7:30 o'clock. All teams wishing to play amateur ball in the commercial leagues this season should have someone present to represent them at this meeting. It is expected that there will be enough teams turn up to form two leagues.

The Athens Rotary Club is a very active one and one which really appreciates the publicity and the favorable comment which Georgia teams bring the city. And what a lot of it the last three years have seen!

And don't you bet the boys who played on outdoor courts in high schools are glad they aren't out there today in shorts and snow? Club today at noon.

SHAME ON YOU, RAY FRANCIS.

Ray Francis had quite a few of the Crackers burned down, as the boys say, at the Tuesday practice. Francis was hiding in the entrance to the tunnel. He would call out some athlete's name and when the owner of the tag turned the unseen Francis would let go with a loud Bronx cheer.

The sound seemed to come from the stands and the fans there were glared at considerably until the miscreant in the tunnel was discovered.

There's a good arm on Ray Francis. And a good noggin If some club is looking for a pitcher and a skipper he would be

(P)—Harry Burns, right-band rookie pitcher from St. Mary's College, Kansas City, would have nabbed a fly for the Red Sox today—but a concrete stand was in the way. He struck it going full steam ahead and was knocked out for five minutes. A physician said he was not severely injured.

All in a Day at Cracker

JOHNNY HAS SPIRIT.

Johnny Cummings, the Memphis boy, is another of the many collegians in the Cracker camp who is ambitious of sticking with the club. Johnny, who made quite an auspicious debut as a pinch hitter and relief outfielder last year, reported for the first time yesterday and announced himself to be in great shape. Johnny also gave some explanation about the knee injury he was supposed to have had last year.

"I know that I can hit and when I get in shape I'm going to start trying to place a few in those left-field stands," the big boy said yrsterday. Sington, who has just come from Duke University, says Wallace Wade has a good squad out, but not a great many big men. The squad is rather average, he says. BUDDIES ALL.

One rarely hears college boys put-ting the blast on one another. They are more inclined to lend a helping hand. For instance, Cliff McGaughey, the ex-Georgia Bulldog shortstop, puts in a big boost for Claude Herrin, the third baseman from Oglethorpe.

third baseman from Oglethorpe.

"He is a good fielder and hitter," says McGaughey. "I played with him tast summer at Thomaston and he looked like a real ball player; I believe he could step in now and play third base," McGaughey commented, Incidentally McGaughey, Herrin, Cummings, Carrithers and Duck McKee are five of the most promising college boys ever brought to one Southern league camp.

And it's hard to get around their enthusiasm. McGaughey believes the Crackers will have a 1-2-3 club and that Red Barron will make a great leader. He also thinks the pitching staff will be one of the league's best.

BAXTER'S VOICE. BAXTER'S VOICE.
There was some harmony under the showers yesterday for the first time, as strains of real melody floated out. Baxter Williams, the catcher who croons over radio in Knoxville, his home town, during the winter, and Si (Silvertone) Rosenthal got together on a popular song hit. Williams' baritone and Si's high tenor are hard to beat.

One of the most popular of the Crackers, is Leo Bader, infielder who

TEAMS PLANNING GAME SATURDAY

Crackers May Work Indoors

Manager Barron informed The Constitution early last night that unless the weather moderated somewhat, he would be forced to call off today's practice of the Crackers at the ball park and take his men to Daly's gym for an indoor workout. The squad held a brief outdoor practice yesterday, but the coming of rain and snow may prevent another today.

By Jimmy Jones. The wintry winds doth blow, we have had snow, hence there will be no baseball game between the Atlanta Crackers and Georgia Tech to-

lanta Crackers and Georgia Technology.

The men of Barron had been booked for a practice game with Bobby Dodd's disciples at 4 o'clock this afternoon. The Jackets have had little more than three days of practice, however, and with such frigid temperatures prevailing, Tech coaches deemed it unwise to attempt a game now. Tech has been unable to hold practice for two days.

SATURDAY GAME.

Coach Dodd. however, is willing to have a game Saturday afternoon and if not a good day and Red Barron can equip him with a battery, his team and the Cracker veterans may engage in a 7-inning contest at the Flats.

A detachment of younger players will go to Cartersville, Ga., Saturday for a game with the nine of that city, coached and assembled by "Shorty" Smith—with the same stipulation on the weather.

Meanwhile, unless the thermometer gets out of the dumps, a practice game that had been billed for tomorrow at Ponce de Leon between the regulars and yannigans may be called off also, Barron indicated last night.

which adds to the superfluity of southpaw swingers in camp. Of the outfield candidates, four hit left and two right, while the infielders are about evenly divided.

MR. WEDHE.

Wilbur Wedhe, the stocky righthander from the White Sox, is the latest pitcher to impress the camp. Wedhe has an easy delivery and agood fast ball. He is the most experienced Class B pitcher around, having hurled 59 2-3 inings with the White Sox, Dallas and Indianapolis last year. If he had pitched to one more batter he would have been Class A. As it is, his classification, gives him a good chance of being retained.

Wedhe, Garland, Chick Howard and Maurice Bream are considered really worthwhile pitching additions to a Cracker staff that already included Bun Hearn, Climax Blethen, Andy Messenger and Johnny Carrithers. Bream, who is from St. Paul, won 7 games for that club, which copped the American Association pennant last year.

One of the games will be played in Atlanta and two in Athens, the reverse arrangement from that of this year.

Of the three games played between the two teams during the season just ended, Tech was victorious twice in Atlanta, while Georgia won the lone contest in Athens.

The series between the teams of Roy Mundorff and Rex Enright attracted large crowds this year and should be even more interesting next year, with Georgia having won the title. Tech loses only one regular, Bill Perkins, and Mundorff will replace him at center with Woodall or Glenn, promising freshmen.

Ray Walker, one of Frank Anderson's most dependable right-handed pitchers last year and a star of Harry Robertson's football team, has been lost to the Oglethorpe University's baseball team for the forthcoming Dixis College league season, it was learned yesterday.

Walker, who was the only Oglethorpe pitcher to turn in a victory over Auburn's fine team last year, will undergo an operation for appenditicis as soon as examinations are over at Oglethorpe March 21. The examinations begin March 16.

Brooklyn is now looking for the first bluebird to feel that spring is really hurrying along. The answer is simple enough. Word has just been relayed that Dazzy Vance has more smoke than he has known in some time and that Hack Wilson practically has eliminated all the dust from his batting eye.

With Vance pitching up to old standards and Hack hitting anywhere

near the cannonading outbreak of 1930, Brooklyn's summer is already guaranteed. So far none of the experts are picking Brooklyn to finish better than fourth or fifth. It will take something unusual for Max Carey to lift his team into the first division, with Pittsburgh reporting improvements over last year—with Cardinals, Giants and Cubs picked to lead the procession.

The international golf tournament held this week in Bermuda will be turned into a much larger affair next year. But not at the expense of baseball.

But not at the expense of baseball. Lacrosse is gaining in popularity but it will be decades before it even approaches baseball in mass appeal.

One of the chief obstacles to placing baseball on the Olympic program is that all such sports must be strictly amateur. It is felt that in the sense that baseball is our national game, it is professional baseball that is meant. That is quite true. Even the baseball rooters must admit that amateur baseball is far from our pet fever. fever. Baseball must be played well to be

Baseball must be played well to be worth the watching.

But if a campaign is being waged to collect the ablest football players of the erstwhile Big Three to put on a football game against the Pacific Coast All-Stars, it would be just as feasible to recruit an all-college baseball team from the east, and one from the west, for a demonstration game. If all those foreign delegations are so very impressionable, it would be very sad for them to leave these shores firm in the delusion that football and lacrosse are our ruling passions.

There's Lou Gebrig, the big ace of the American league, more valuable even than Ruth. There's Charley Grimm, an admirable worker who has brought his performance to a high peak of efficiency despite exceptional slowness of foot—he's an excellent paradox.

The rise in sterling, bankers here pointed out, was partly the result of speculative buying, and some concern was expressed lest it go beyond the reasonable limits suggested by Great Britain's economic position. Obviously, so large an advance was made possible by a cessation of exchange selling by the government and the Bank of England, which had been trying to check the advance.

The sensational advance is likely to result in a cut in the bank rate. Reduction to 4 per cent this week is regarded as probable.

The tax bill was behind certain group movements on the stock exchange. Oils came forward early, the theory being that an excise duty of a cent a gallon on crude, gasoline and fuel oil would help domestic prices. Shares of producing and distributing companies rose from a frequent

NEW YORK, March 8 .- (4)-The bond market gave further evidence of underlying strength today when vari-ous classes of securities advanced their prices substantially in somewhat

active trading.

The average for 60 domestic loans gained 3-10 of a point for the second top record of the year. Sales totaled \$13,425,000, nearly \$3,000,000 above

Sid-120,000, nearly \$3,000,000 above yesterday's aggregate.

Firmness of United States government issues, and a spirited rally in practically all of the German obligations, were features of the session. Railroads, industrials and utilities were not neglected, however.

The federal section was subjected to somewhat heavy trading with two to somewhat heavy trading with two of the Liberties and three of the treasuries registering new high prices

The German group was in strong demand after the reduction in the Reichsbank rate. The Reich 5 1-2s advanced more than 5 points at one time and ended the day with a gain of 3 points. Various other German liens added from 1 to 3 points. Progress was recorded by some bonds of Atchison, Baltimore & Ohio, Chesapeake & Ohio, Pennsylvania, Southern Pacific, Wabash and others.

PARIS, March 8,-(P)-More than

—filed today a brough Aristide Briand's little bedroom to do homage to the dead "apostle of peace." By nightfall M. Briand's bacheles apartment was filled with flowers. These tributes ran all the way from an imposing piece sent by the German ambassador to single carnations left there by midinettes and wounded war The family of the French statesman,

who succumbed yesterday to a heart attack, was deeply touched by the genuineness of the affection shown

Thursday morning the coffin will be transferred to the foreign office where it will be placed in the famous clock-room in which the Kellogg-Briand

room in which the Kellogg-Briand pact outlawing war was signed in August, 1928.

Formal tribute was paid to the man of peace" in both the chamber of deputies and the senate today.

Premier Andre Tardieu said M.
Briand was one of the great statesmen of history and that he had inbored indicationly for "peace of empriments." defatigably for "peace of consciences, peace of parties, and peace among

SNAG IS ENCOUNTERED

Alderman Ed A. Gilliam's attempt to rectify a mistake made when the Atlanta board of education adopted the 1932 budget hit a preliminary sang Tucsday afternoon in the board and

Tricsday afteration in the board and all salaried employes of the system drawing less than \$100 a month must await action of the current expenditures committee on the proposal to slash only 10 per cent instead of 16 per cent which the original resolution provides.

Gilliam said Tuesday it had developed that several persons, including teachers are making less than \$100 a month, but are on a monthly salary. The original resolution provided that all employes on a monthly salary basis be reduced 16 per cent when it was intended that only those making \$100 or more to be cut to that extent. Others were to have been slashed only 10 per cent.

J. Ira Harrelson, president of the board, ruled Gilliam out of order when he presented a resolution to correct the error. Harrelson held it was a matter which properly should go to the current expenditures committee for consideration. Gilliam attempted te override the chir, but failed to get

NEW YORK, March 8.—(P)—Buying of oil shares again imparted a firm tone to the curb market today, despite traces of selling.

Turnover of roughly 230,000 shares duplicated yesterday's. Oils were again influenced by the new taxation measure introduced in Washington, which refrains from an additional levy on gasoline sales.

Standard Oil of Indiana advanced 3-4 of a point. Gains of a point or two appeared in Gulf and Humble. The new consolidated oil stock, representing the Sinclair-Prairie merger, was up a fraction.

was up a fraction.

Industrials were somewhat mixed. Aluminum Company lost more than a point. Cclauses new preferred rose 2 points in a fair turnover, but Tubize encountered profit taking.

Utilities were mostly firm.

The dome-houses were well ventilated through their large central air shaft and numerous windows. The interior of a dome, with its gloomy chambers where no light could penetrate, was constantly illuminated by immense, slow burning, smokeless candles. Tarzan, knowing his size would prevent his ever entering one of these domes, watched the building as it progressed, realizing it was the only way in which he might ever hope to see the inte-rior of these remarkable human hives.

The Ant Men's slaves, Tarsan discovered, were mostly prisoners of war or their descendants. On the whole they were treated with kindness and not overworked. And once a former king had chosen his beautiful mate out of the numbers of slave maidens. The ape-man was told by Prince Komodeflorensal that the Ant Men were preparing to make war upon their ancient enemy, Veltorismakus, whose king had a daughter reputed to be the most beautiful creature in the world.

"And your wife?" asked Tarzan. "You took her in a battle with some other city?" "I have no wife," replied the prince. "That is one of the reasons we replied the prince. "That is one of the reasons we are about to make war upon Veltorismskus. For the Princess, who is called Janzara, should be a fit mate for the son of Adendrohahkis." "But what about love—suppose you should not care for one another?" asked Tarzan. The prince shrugged his shoulders. "If she bears me a son who will some day be king," he replied, "that is all that can be asked."

FRIENDLY COUNSEL

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

DEAR MISS CHATFIELD:

ANSWER:
You don't suppose you can find happiness, do you, by turning your back on a man that loves so much that he has done the impossible; reversed his nature and learned to control his temper? He would stand like a spectre at any feast of love or happiness that you might sit down to enjoy. His presence would head you off from any avenue of escape you might choose. The supreme tragedy in this life is unrequited love. To suffer cruel and inhuman treatment at the hands of husband or wife is nothing by comparison with the suffering one must endure when love is not returned. Putting the case on the lowest plane; that of getting even, the thing that your husband suffers now is much worse than the punishment he meted out to you. Even when he denied you the money you asked you knew that your tears would melt his stony heart. But he, poor wretch, must face the fact that he has killed your love. And as revolting as the idea may be fo you now, you will learn that by sticking to your post of duty the compensation will be much greater than it could be if you ran away.

Many a woman has fallen in love with her husband after she had considered it a hopeless task. Many a woman has chosen duty rather than happiness and found both, but it's doubtful if any ever chose happiness rather than duty and found either. Not a happy prospect to look across the sea of years knowing one is unable to make port! But if you can learn to live one day at a time, seizing what legitimate pleasure you can from day to day, life won't be unendurable.

Atomerg, Tiniest of Known Particles, Introduced by U. of N. C. Professor

University of North Carolina.

The atomerg, he said, is a tiny particle of energy, probably electrical. Its probable size is represented by a decimal point, followed by 47 ciphers and the figure seven.

It is probable, said Dr. Plyler, that most or all of the material things in ature are made of atomergs as building blocks. Although he said his researches have not progressed to the point of proof yet it is likely that matter, energy, electricity, magnetism, electrons, protons and photons are simply different manifestations of bundles of atomergs.

Dr. Plyler held that his theory does explain "in a descriptive way all phenomena to trial Thursday.

The exact center of New York's 6,900,000 population is in a cemetery, more than three miles from Times Square.

The ugly attack upon the personal character of Guy A. Moore by the associates of Edwin F. Johnson in yesterday's paper is the low point in the campaign. Has it come to pass that an honorable gentleman with a record of eight years as an efficient, courteous public servant cannot offer for office without being subjected to such scandalous tactics?

We resent this attack, and call upon our friends and all right-thinking voters to resent it.

A SURE WINNER

For Tax Collector of Fulton County To the White Voters of Fulton County:

A. C. MINHINNETT, JR.

Coming to you as a candidate for Tax Collector of Fulton County, I definitely promise that I will employ only such a num-ber of deputies as are necessary to do the work of that office.

I have heretofore made public the names of six deputies as my associates, and I will have ten months in which to complete my staff, if you elect me.

If I am worthy of your trust and confidence, and am qualified to efficiently discharge the duties of Tax Collector, then a score or more of deputies would not add anything to my fitness and qualifications. If, on the contrary, I am not worthy of your trust and confidence, and am not qualified for the place, it would certainly work an injustice on the taxpayers, should a strong political force elevate me to this post of trust. I have no votegetting machine or self-interested politicians to sack up and

tie the office for me.

I have stood for economy, the rights of the laboring man and My campaign has been conducted along practical lines and when this race is over—and I feel that I have it won—I will have the consciousness of having run a clean race.

I will be grateful for your votes on March 9th.

Very sincerely yours, A. C. MINHINNETT, Jr.

SUSPECT IS ARRESTED

names were not revealed, are being sought.

Boeri, who officials said had been masquerading as a small grover, was taken at his home in an early morning raid led by Murray Garsson, special assistant secretary of labor.

"I have evidence positively linking this man with the Easton, Pa., bomb outrage of last December, which took three lives, as well as the other mail bomb plots," Garsson said after an all-day questioning of the suspect.

Nature of the evidence was not revealed, but Boeri was held under \$100,000 bond, and announcement was made that search for the alleged accomplices was being pressed.

Large quantities of explosives and bomb-making paraphernalia were found in the man's home.
